

Premium Grass 25mm, 30mm & 35mm GG

Our OEM production with yarn imported from GreenVision (UEA product). Available in 25mm, 30mm and 35mm. For shorter or longer yarn thickness, we can produce by custom inquiry.

High Quality tufted landscape, with 3/8" gauge and 160/lm stitches rate. Give you comfort and long lasting use of the turf. With UV stabilized yarn, this product is suitable for long term exposure to direct sunlight. For outdoor installation, we recommend to prepare proper subbase with layer of crushed stone and drain pipe.
